

# HOW DO YOU CHOOSE A GOOD STORAGE TANK?

Check for materials available, and how your choice will be impacted by your surroundings. Tanks are typically available in:

- 1 Galvanized steel
- 2 Fibreglass
- 3 Polyurethane
- 4 Concrete

## LOOK FOR A TANK THAT IS:

Structurally sound

Equipped for monitoring and maintenance

Watertight and light-proof

Screened to keep out insects and small animals from entering the storage tank
